## SAFEEX SIGNIFICANT MILESTONES

# Our Story

VALUES WE LIVE BY

## OUR CORE VALUES

**Purpose:** To improve and make the maintenance process simple, transparent, smart, efficient and stress-free for all levels of personnel.

**Vision:** Become an industrial standard by developing the most preferred, secure and user-friendly software for Inspection and Maintenance routines.

We  
ENTHUSIASTIC  
ACCOMMODATING  
SINCERE  
COMMITTED  
CREATIVE  
COMPETENT  
to be

# What we offer

## Cloud Software

An inspection and maintenance management software designed to simplify complicated routines.

## RFID Tags and QR Codes

Unique equipment identification tags are deployed to streamline maintenance operations.

## Mobile Devices

Mobile devices for technicians that empowers productivity and accuracy.

# What we offer

## CORE SUPPORT

User Support, Security Support,  
Quality Support, Availability Support  
and Functionality Support

## CO-PILOT

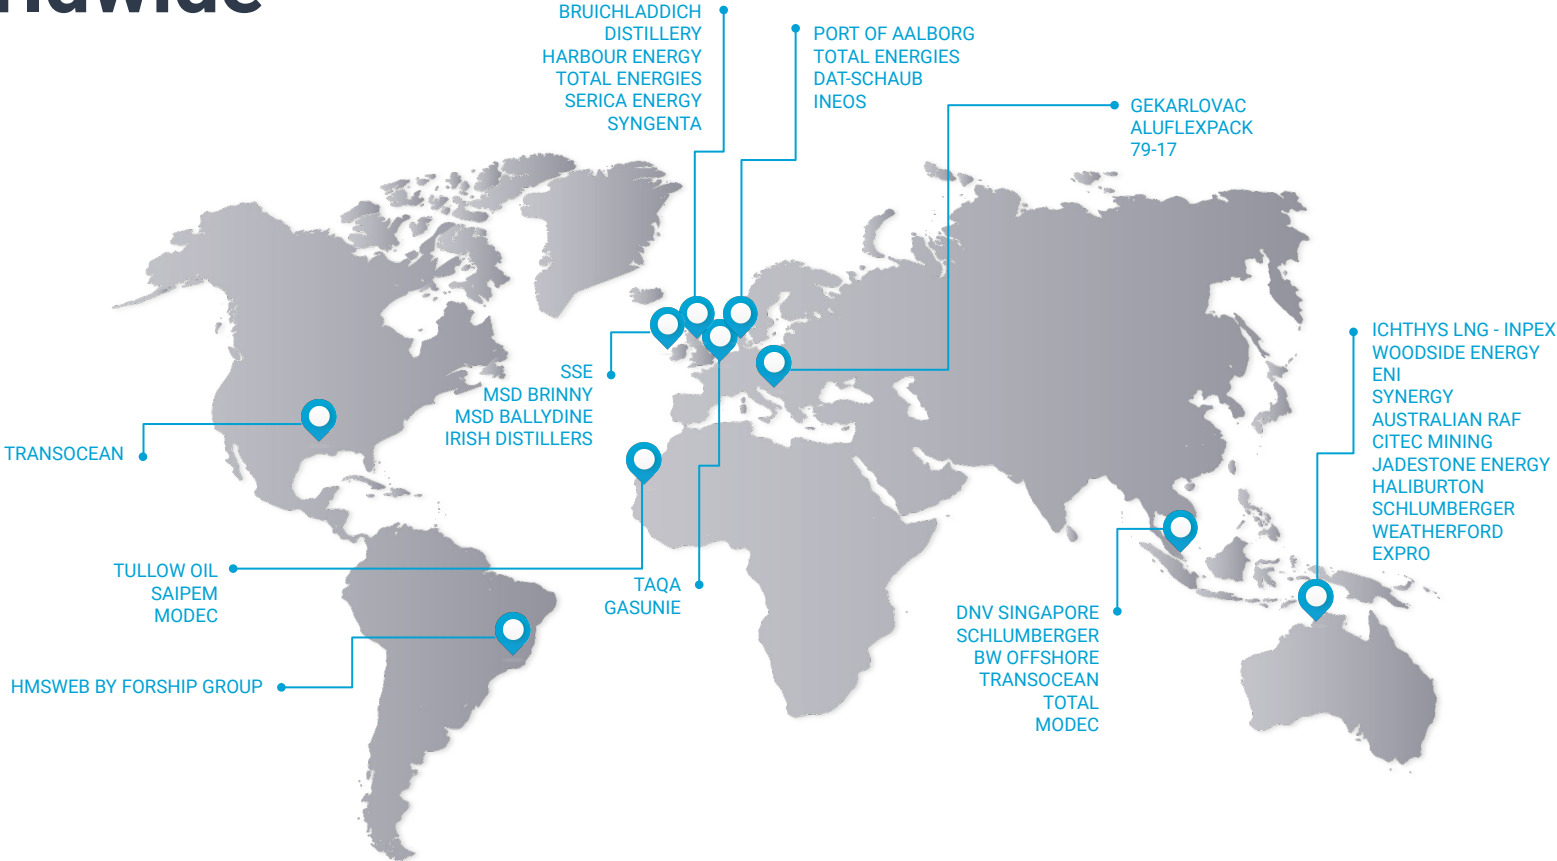

SafeEx Support acts as the  
system administrator and carries  
out administrative tasks.

## SANDBOX

Can be used to test  
configurations without  
affecting the production system.

# Worldwide

SAFEEX CLIENT

# Statements

I am impressed with their "Can do attitude".

**Gary Walls**

Technical leader operations, Seadrill

SafeEx Ex inspection module is best in class seen over the last 23 year.

**Australian Offshore regulator**

The main reason that we purchased the SafeEx software is ease of use, user friendly and a significant reduce in manpower for the inspection.

**Mr. Aung Soe Min**

Integrity and engineering department, Petronas

We believe their Ex-knowledge and software led to a higher safety standard.

**Henrik Arildsen**

Ineos

By far the best EHA system in the world - When others are talking SafeEx is doing it.

**Keith Sinfield,**

Technical Operation Support, Modec
